What is the PEPFAR Virtual Academy (PVA)?

- **Self-paced learning** on PEPFAR Virtual Academy, a web-based platform that is **no cost** for USG and non-USG colleagues to access through individual-level registered accounts (<https://learn.pepfar.net/>);
- Full slide decks with **scripts for trainers and interactive activities** on PEPFAR SharePoint;
- Accessible for individuals who have visual or hearing impairment(s) (508 compliant)

New Index Testing Training Materials

PR0160

Safe and Ethical Index Testing

The training provides an overview of safe and ethical index testing.

Status

OPEN ENROLLMENT

List of Modules

1. Introduction to Index Testing Services

Notable Features of Safe & Ethical Index Testing Training

- Updated technical & operational considerations based on global lessons learned
- Modular format allows flexibility for comprehensive training and refreshers on select topics
- Modules include:
 - Time required to complete module (unit time)
 - Clear learning objectives
 - Table of contents to easily find sub-sections within each module
 - Knowledge checks to assess understanding
 - Activities that apply knowledge and support engaged learning
 - Tips and example tools
- Slides are scripted to facilitate use by trainers for in-person trainings
- Bookmark feature allows learned to save pages to go back to later

Clearly defined sub-sections and search engine
