

HIV Self-testing Register

Cameroon

Introduction

"HIV Self Testing Register

- This is the main register in which all clients receiving HIV self-tests are recorded.
- This register is kept at UPEC (HIV C&T unit) level and filled in only by the focal point of the HIV self-testing activity.
- It is also used to record the results of confirmatory HIV tests and also the linkage to anti-retroviral therapy of confirmed HIV + patients.
